health counseling, endocrinology, ophthalmology, vascular, and more. In 2016, the Organization has enrolled approximately 3,073 patients, had more than 11,000 patient encounters, secured more than \$2,565,000 in donated prescription medications, and offered 20 medical specialties on-site. Our medical outcomes of our chronically-ill patients demonstrate that we are improving people's health so they can remain on the path of self-sustainability.

Over the last year, we were able to leverage our very successful preexisting Diabetes Prevention Program and expand it into a new obesity intervention and prevention initiative called Weigh to Go. This 16 week program is based upon CDC-approved curriculum and comprised of a licensed and certified lifestyle coach who informs participants on ways to improve quality of life through choice of foods, meal planning, and increased activity. This focus on preventative healthcare services is one salient feature that distinguished Grace Medical Home.
